

ADVERTORIAL

CONCERNED PEOPLE OF ONELGA

E-mail: concernedpeople@yahoo.com

1. A grand design by some politicians in the area to organize a sponsored youth protest in the next couple of weeks has been uncovered. The Youths are to carry placards calling for the removal of the suspended Chairman even before the RSHA comes out with the final report.

2. Allegations leveled against the Chairman remain unfounded and spurious. It is the handwork of a few persons who are not comfortable with his level of achievement within a short period.

3. Some politicians in the area are now reaping from the said crisis by sponsoring media attacks against the political godfather of the Orashi region and the state PDP Chairman, Chief G.U. Ake in a bid to further widen the gulf between him and the suspended Chairman.

4. The public should not be deceived by the action of those who have vowed to ensure that neither the Chairman, Hon. Chris Ochije nor Chief G.U. Ake has a control over the council.

Contrary to reports by a section of the media, the crisis in ONELGA council is being sponsored by a politician in the area who recently fell out of favour with the powers that be.

All the sponsored write-ups and protests of the youths by this politician are also diversionary methods and orchestrated plots to have full control of the council finances through his cronies who now parade themselves as those in charge of the area.

We hereby call on stakeholders, traditional rulers and people of Ogba/Egbema/Ndoni LGA to discountenance such reports and ensure that the cabals who are bent on remaining relevant in this government do not succeed as the chairman's achievements within a short period cannot be rivalled by most others.

There is need for due process and the rule of law to take its course.

Hon. Paul Ogbowu
